## **MINING AND EXPLORATION PERSONNEL**

Morning Star Gold NL (ASX code: MCO) is a leading Victorian Gold Explorer with a world class gold mine at Woods Point, and extensive exploration holdings with 1.6 million ounce production history. Morning Star is undertaking an aggressive exploration expansion, moving to owner-operator underground and surface drilling with the acquisition of three diamond drilling rigs.

Morning Star provides an unrivalled residential lifestyle, being 2.5 hours drive from Melbourne, and less than 2 hours to Victoria's best alpine ski resorts and recreational reservoirs.

Morning Star is seeking personnel to assist the geological and mine planning departments, underground and surface drilling crews, and support services. Rosters are flexible, including 5/2 with drive in on Monday and out on Friday. Full time residence is available at Woods Point.

**DRILLING:** Experience in diesel-hydraulic, electric-hydraulic and pneumatic drilling, driller offsidng, and underground mining operations will be considered highly, as will airleg mining and blasting experience. Employment will commence with the arrival and commissioning of each drillrig scheduled between August and October.

**GEOLOGY & MINE PLANNING:** We seek Exploration or Mining Geologists to manage drilling rigs, log core, and conduct mapping and sampling programmes. Experience in Gemcom software systems will be considered highly as will resource evaluation or 3d-modelling experience.

**FEASIBILITY STUDIES:** We require Senior Resource or Exploration Geologists and Mining Engineers from October to coordinate feasibility studies. Part-time roles for semi-retired experienced personnel will be considered.
